

833 - 10" CONTOUR GAGE

Product Overview

Reproducing complicated patterns is a breeze with General's 10" Contour Gage. The 3" deep fingers mold into the shape of any surface, creating a template which can then be used for making wood trim or linoleum floor installation. The Contour Gage is equipped with a ruler on the body with both inch and millimeter graduations.

Features & Benefits :

- Extra length is ideal for woodworking, linoleum installation, ceramic tile installation or any job where contour duplication is essential
- Gage will fit profiles up to 10" long
- Inch/mm graduations on body
- 3" (76mm) deep fingers will measure profiles up to 1-1/4" (32mm)
- Made from tough, durable plastic
